

XIROS

# AchilloCord<sup>PLUS</sup><sup>TM</sup> System

For Repair of Acute  
Achilles Tendon  
Rupture

## Why AchilloCord<sup>PLUS</sup> System?

- No need to immobilise the leg in a cast postoperatively, allowing for early rehabilitation.
- Fast return to activities of daily living, retaining independence.
- Partial weight bearing and early mobilisation of the leg in the immediate postoperative phase helps retain muscle bulk and strength.

The information above MUST NOT be used to perform the surgical procedure. Always refer to the Instructions for Use LAB 228 which contains detailed information and essential warnings and precautions.
